

ICE-BREAKER™ TRANSITIONAL TRACTION

Model JD110

ICE-BREAKER™ TRANSITIONAL TRACTION is a one-size-fits all ice cleat that is lightweight and provides both traction on ice and snow as well as versatility to be worn in other conditions. Comfortable underfoot, the ICE-BREAKER TRANSITIONAL TRACTION can be worn on any type of footwear, including flat sole sneakers as well as work boots with defined heels. The ICE-BREAKER is a simple solution for outfitting employees quickly and easily.

The ICE-BREAKER features 18 “molded-in” low-profile tungsten carbide studs for versatile and permanent traction for intermittent walking between ice and snow and indoor conditions.

- One Size Fits All
- 6.5" long x 3.75" wide
- Dual Adjustable Straps
- Tungsten Carbide Studs
- Molded-In Studs
- Beveled Edges For Maximum Comfort
